ALM-3222 AUTO

The **ALM-3222 Auto** fully automatic laminator brings you the next generation in automatic laminating. This laminator offers virtually unattended operation with its automatic feed, laminate and trim functionality. This laminator with its small footprint of less than 4 square feet is ideal for any sized print shop.

The **ALM-3222 Auto** is warmed up and ready to run in less than 5 minutes for both two-sided and single-sided applications. A built-in long mode allows for two-sided lamination of banner-length prints. With its easy 'green button' operation, automatic functions, LCD display, heated rollers for crystal clear scratch-free laminations, and broad range of film options the **ALM-3222 Auto** fully automatic laminator is a valuable additional to any print shop and perfect for on-demand short run jobs.

Finishing Applications in On-Demand Print Shops, Educational, and Office Settings.
