# Heavy-Duty CORNER ROUNDER

Manual

# Heavy-Duty CORNER ROUNDER

The manual **Heavy-Duty Corner Rounder** is one of the most popular corner rounders for lower volume users. It has been carefully crafted with only the highest quality components and works on all standard materials like PVC, polyester, leather, paper, and other plastic products. It comes with one 1/4" cutting die, plastic discs and an alignment guide; a built-in waste catcher keeps your work area tidy by catching the cut corners. Additional interchangeable cutting dies are available, capable of cutting up .4" thick of material, allowing the Heavy-Duty Corner Rounder to be used for various jobs.

**Finishing Applications** in Covers, Calendars, Booklets, Business Cards, Pouches, etc.
